

## Survey

### PRODCOM Survey

PRODCOM aims at giving data of the production of industrial products produced by companies of the Member States. It is based on the Council Regulation (EEC) No 3924/91 of 19 December 1991 on the establishment on a Community survey of industrial production. The title comes from the French «PRODUCTION COMMUNAUTAIRE», community production.

## Confidentiality

*Confidentiality - policy*

## Periodicity

*Periodicity* Monthly

## Quality management

*Quality assurance*

*Quality evaluation*

## Accuracy and reliability

*Sampling error*

*Non-Sampling error*

## Comparability

*Comparability – In the time*

*Comparability - Other*

## Methodology of the survey

*Sample base*

*Sample plan*

*Additional information*

*Sample size*

*Sample allocation*

*Sample algorithm*

*Estimation method*

*Method for treatment of non-response*
