Statistical unit - Title

Legal unit

Statistical unit - Description

The legal units are: - legal persons whose existence is recognized by law, regardless of the persons or institutions that own or are members of it; - natural persons who pursue an economic activity as a self-employed person. The legal unit is always, alone or sometimes with other legal units, the legal support of the enterprise" statistical unit.

Statistical population - Title

Employers Social Security

Statistical population - Description

An employer is a natural person or a legal person who employs staff (employees). It is the employer who has to declare all his employees to the National Social Security Office. An exception is made for the provincial and local government services that are affiliated with the RSZPPO and for the merchant shipowners that are affiliated with the Relief and precautionary fund for Seafarers (HVKZ).

Geographical coverage

Geographical coverage = Belgium

Time coverage

Sectors

All size classes are included (no breakdown by size class) and there is no threshold., Construction: Section F of Nace Rev.2, Industry: sections B to E of Nace Rev.2 (except: E37, E38 and E39), MGS, B_TO_E36, divisions of Nace Rev.2: B to E36, Retail : Section G, Departments: G45, G46 and G47, Department: G47 (except Group 47.3): G47XG473, Other services : aggregate H to N except K (except M701, M72 and

Results available 3 months after the reference period

Comparability

Comparability - geographical

Comparability – Over time

Time consistency is adapted (back-casting/reviewing) .

Comparability - Sectorial

There has been a change in the definitions/concepts/nomenclatures.

Comparability - Other

Coherence

<i>Internal coherence</i>	Consistency is ensured between sub-fields, variables, etc, Consistency is ensured between sub-populations
<i>Cross-field coherence</i>	Recognised concepts and terms are used (national or international concepts only if consistency can be evaluated at this level), Recognised nomenclatures are used (either national or international), Concepts, definitions and nomenclatures are saved and managed, Consistency checks are performed between concepts, definitions and nomenclatures, There is consistency between surveyed units and observation units .

Data revision

<i>Data revision - policy</i>	
<i>Data revision - practice</i>	Calculation of the reference quarter and recalculation of the 4 previous quarters .
